Analysis on the Large Scale Survey by EPMEWSE in 2007.

Tadas Nakamura[1]

[1] FPU

The Committee for Promoting Equal Participation of Men and Women in Science and Engineering (EPMEWSE) have conducted a large scale survey to investigate the current status of scientific/engineering researchers in a view of gender equality, and obtained more than 10,000 answers from researchers in a wide variety of fields. The detailed analysis on the obtained data will be presented in the talk along with the results of other surveys
