Discussion for the comments on in situ measurement by Dr. Pavel Kabat

Hiroaki Kondo[1]

[1] AIST

Dr. Pavel Kabat, Co-Chair of iLEAPS, gave 8 comments on in situ measurement using flux towers, at the First SELIS International workshop of 'Eco-Climate Dynamics in Eurasia / Monsoon Asia' held at Nagoya University on 26 Jan, 2009. Tentative ideas for these comments will be shown for further discussion.
