The distribution of the traditional sea food dishes and the background of those in Miyazaki Prefecture

Shusaku Nakamura^{1*}

¹Dept. of Edu. and Cul. Univ. of Miyazaki

I study the pattern of distribution of the traditional sea food dishes in Miyazaki Prefecture. To sum up, the results are as follows: 1. The sea food dishes are eaten in almost Miyazaki Prefecture. 2. The sea food dishes are eaten in wide coastal region. 3. The sea food dishes are eaten in wide coastal region and wide hill region. 4. The sea food dishes are eaten in wide hill region. 5. The sea food dishes are eaten in wide others region. 6. The sea food dishes are eaten at narrow coastal region. 7. The sea food dishes are eaten at narrow coastal region and narrow hill region. 8. The sea food dishes are eaten at narrow hill region. 9. The sea food dishes are eaten at narrow others region.

This report is to clarify the background of the distribution of the traditional sea food dishes.
