Geo-Tour "the Children's Summer School on Earthquake and Volcano"

Kazuyuki Nakagawa^{1*}

¹JJIPress

Seismological Society of Japan and Volcanological Society of Japan keep holding "The Children's Summer School on Earthquake and Volcano" in every summer in 1999. This approach started starting with Kobe Earthquake. The scientist who knows the earth science is a approach told directly to the next generation. This is a approach of the Geo tour development for children. This event was held in Mount Usu 2000, in Kirishima 2005, in Hakone 2007. It is scheduled to hold it in Muroto in 2010. Usu and Muroto is Geopark and Kirishima and Hakone is a member of JGN.
