## Deciphering the history of the Earth and Life

Hiroshi Kitazato<sup>1\*</sup>, Hiroshi Nishi<sup>2</sup>

<sup>1</sup>JAMSTEC, <sup>2</sup>Hokkaido University

Among boigeosciences community, there are two projects which are deciphering the history of the Earth and life and exploration of subsurface deep biosphere. In the workshop, we plan to explain the project that tries to make clear total history of both EArth and Life.

Keywords: Biogeosciences, Earth-Life History, Deep Biosphere, Ecosystem, Biogeochemical cycle
