Room:Convention Hall

Time:May 27 14:00-16:30

## Continental deep drilling by NIED

Tatsuo Matsuda<sup>1\*</sup>, Kentaro Omura<sup>1</sup>, Ryuji Yamada<sup>1</sup>, Ryuji Ikeda<sup>2</sup>

<sup>1</sup>NIED, <sup>2</sup>Hokkaido Univ.

National Research Institute for Earth Science and Disaster Prevention (NIED) has been done a lot of continental deep drilling for each purpose. We already published about these boreholes data, but some of that has not yet. We will introduce it this time.

Keywords: NIED, Continental deep drilling, Underground water observation, Geophysical logging, Rock examination, Stress measurement
