

## Recent advance in discussions on the Arctic Environmental Studies

ENOMOTO, Hiroyuki<sup>1\*</sup> ; OHATA, Tetsuo<sup>2</sup>

<sup>1</sup>National Institute of Polar research, <sup>2</sup>JAMSTEC

This presentation introduces recent activities of the discussion on Arctic environmental studies. There are many national and international discussions on the Arctic study. Japan Consortium for Arctic Environmental Research (JCAR) has started discussions on the future study plan. IASC and ICARP-III discuss on the enhancement of present and future Arctic research and coordinations.

Keywords: Arctic, Environmental study, planning
